No other body values, promotes, preserves,supports and stands ready to uplift the cause of the athletic administrator, as does the NIAAA. Providing education, leadership and service platforms allows the NIAAA to best help colleagues network, choose from resources, draw from practices and give back to your profession while advancing in one's career.

Accreditation
The NIAAA is the first athletic administration association to offer professional development accredited by Cognia — giving our program the same pedigree as Career, Technical and Post-Secondary Institutions.

Being awarded a mark of quality and distinction through Cognia's ongoing review process demonstrates our ability to meet and exceed national and international standards of excellence.

Through accountability, continuous self-study and assessment, we are committed to continuous improvement and quality assurance of our programs and professional development services.

Cognia's accreditation status is granted for five years. Our initial accreditation was granted in 2011 and has been renewed every five years since following Cognia's annual and five-year reviews.
